INTRODUCTION

ATS Rejection Rate: 69.4% of Resumes Rejected Before Human Review

◆ This title was summarized by AI from the post below.

[Hareesh Vemasani](#)
2mo · Edited

I analyzed 500 resumes through an ATS system. 347 failed the initial keyword match before any human review.

That's a 69.4% rejection rate.

Here's what the data revealed:

- ↳ 98% of Fortune 500 companies use ATS software
- ↳ Only 2-8 seconds: average recruiter time per resume
- ↳ 88% of employers say they miss qualified candidates due to ATS filtering

The top 5 reasons resumes failed:

1. Missing keywords from job description (43%)
2. Complex formatting and graphics (28%)
3. Non-standard section headers (15%)
4. Inconsistent date formats (8%)
5. Incompatible file types (6%)

Relationship between Career Anxiety and Career Indecision in under Graduate Students

SKILLV  RA

WHAT IS SKILLVORA?

A web-based career exploration and resume evaluation system

SkillVora helps users to:

Explore suitable career paths based on interests and goals

Analyze resume quality using a Resume Analyzer

Make confident career decisions through guided feedback

OBJECTIVE

Simple Interface

Design a simple, flexible, and easy-to-use interface

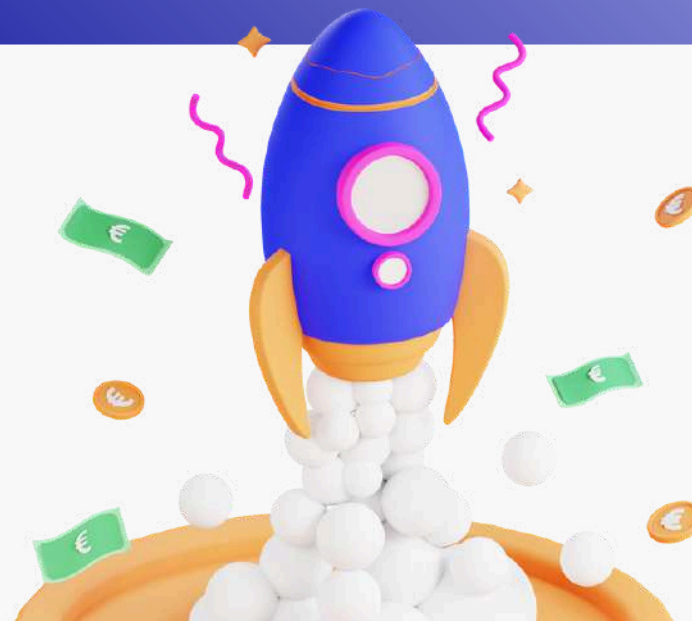

Career Guidance

Guide users in exploring suitable career paths

Resume Readiness

Assist users in evaluating resume readiness

TARGET AUDIENCE

Those who need career guidance and resume evaluation before entering the workforce.

1. JOB SEEKER/ FRESH GRADUATE

2. SPM LEAVER

SYSTEM INPUT

FILE-BASED INPUT

- Resume files uploaded in PDF, DOC, or DOCX

SELECTION-BASED INPUT

- Selects Interest, Background, and Skills in 'Explore Career-path' page
- Selects features such as Career Exploration or Resume Checker

INTERACTION-BASED INPUT

- Navigation between pages

DATA PROCESSING

The system processes user selections to generate suitable career suggestions.

The system analyze the uploaded resume to evaluate quality and missing information.

FILE GENERATION / OUTPUT

FILE-BASED OUTPUT

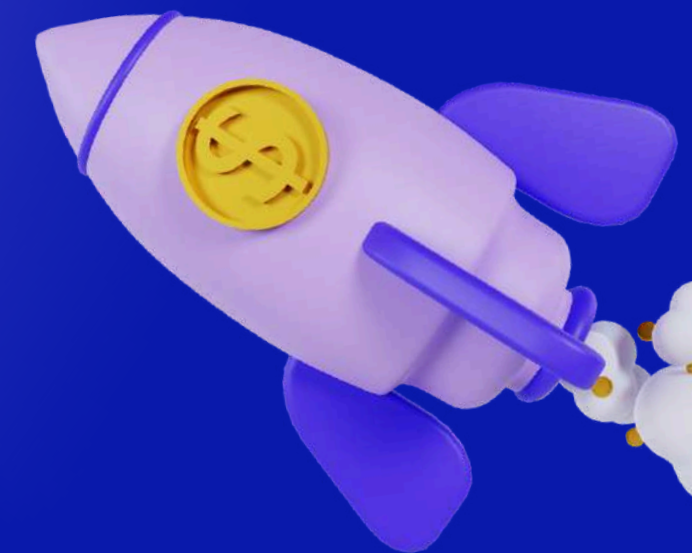

Generates ATS score + improvement suggestions.
ex: .PDF file

SELECTION-BASED OUTPUT

Matches Interest, Background, and Skills to recommend Top careers

INTERACTION-BASED OUTPUT

Displays requirements and full role details when View Details is clicked.

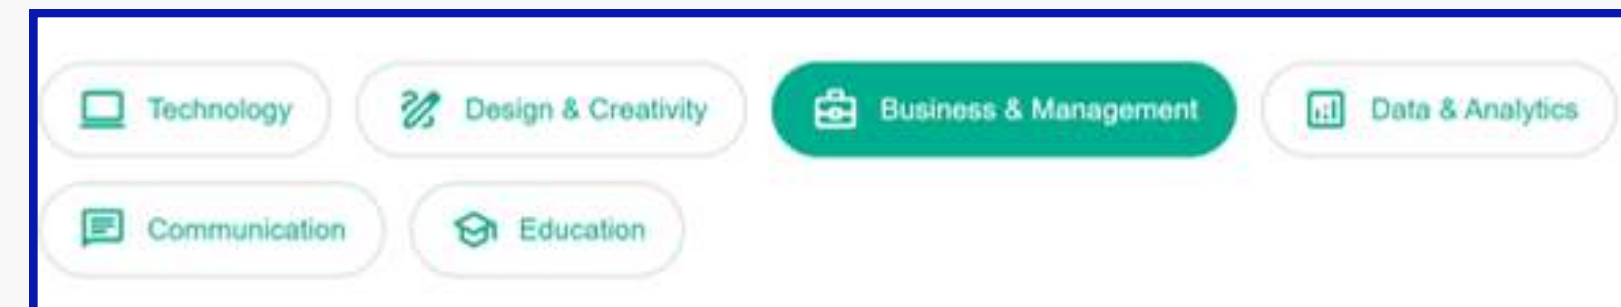

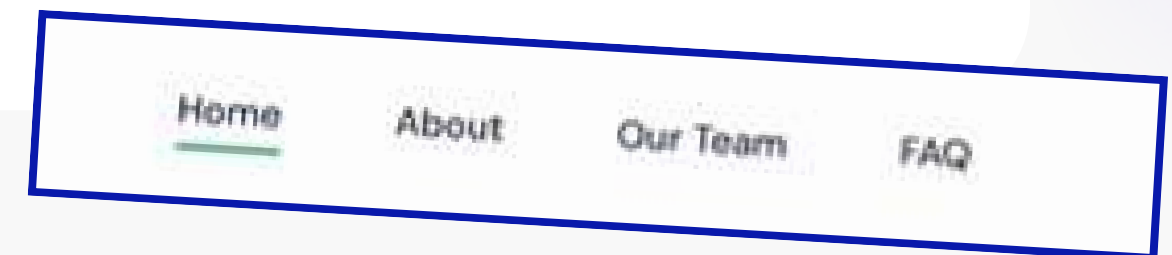

SHNEIDERMAN'S EIGHT GOLDEN RULES

STRIVE FOR CONSISTENCY

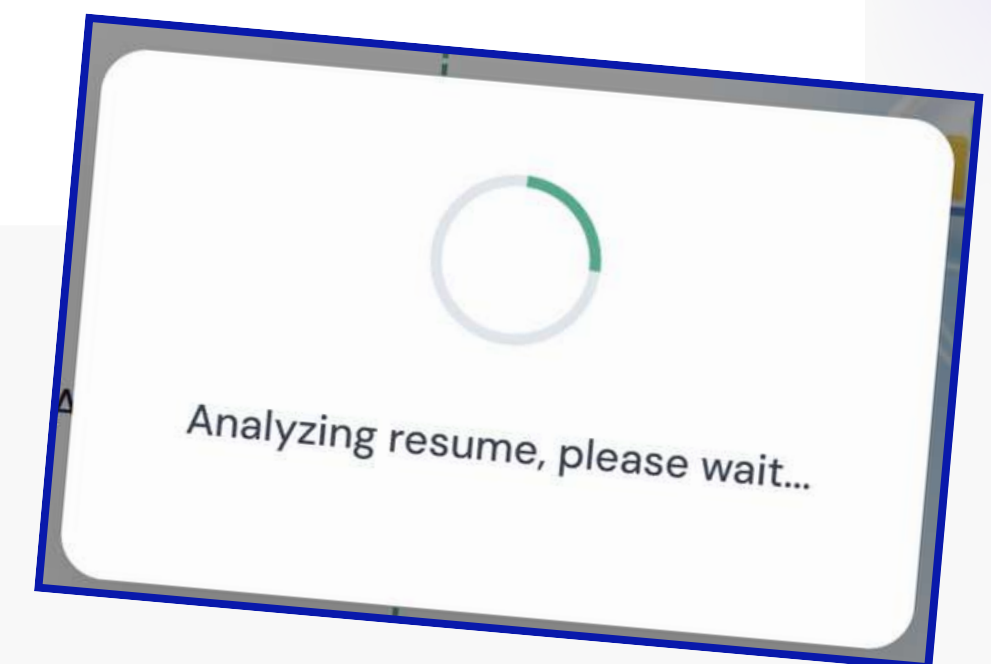

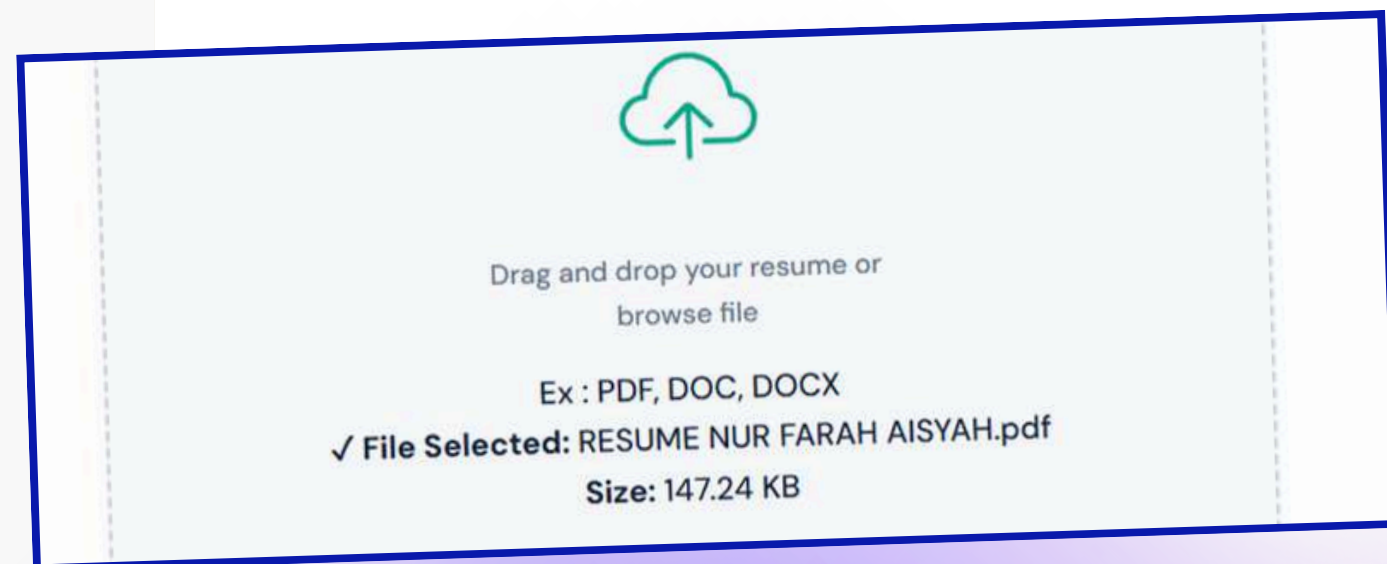

- Buttons have the same design, size, and color across the system
- A uniform color scheme and background are used throughout all pages
- Fonts and text styles remain consistent for better readability

OFFER INFORMATIVE FEEDBACK

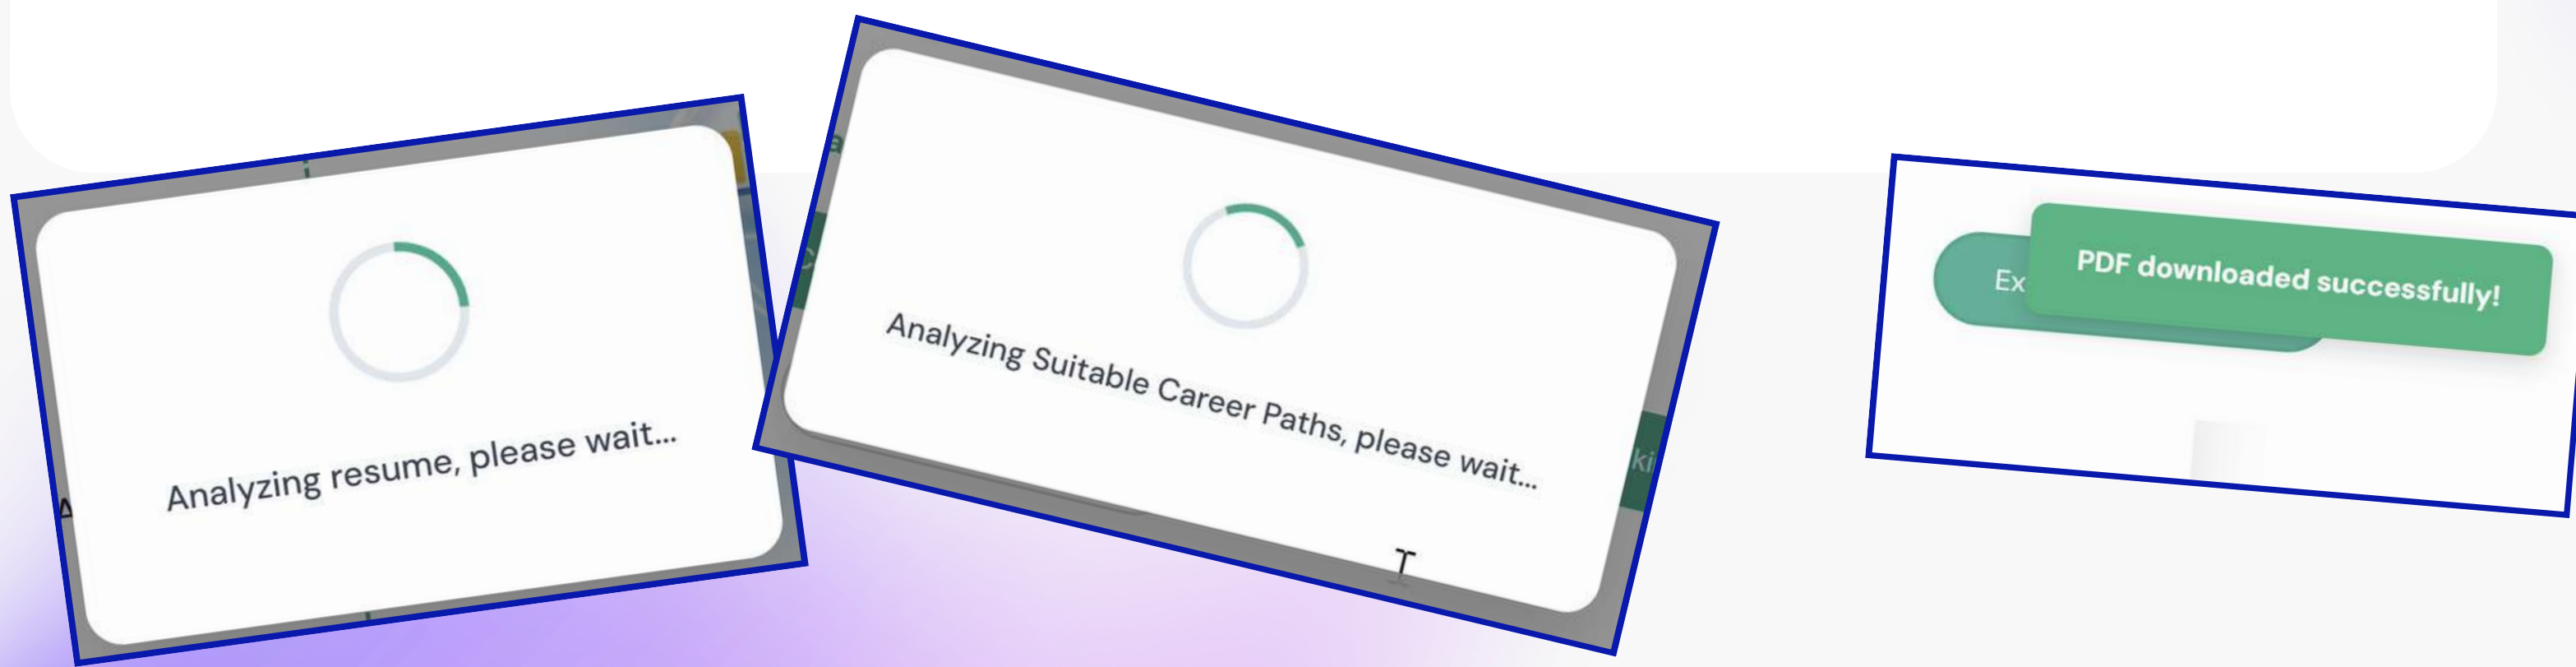

- System update status 'analyzing resume' to not keep the user waiting blindly
- Users can confirm the file is uploaded successfully based on the message

DESIGN DIALOGS TO YIELD CLOSURE

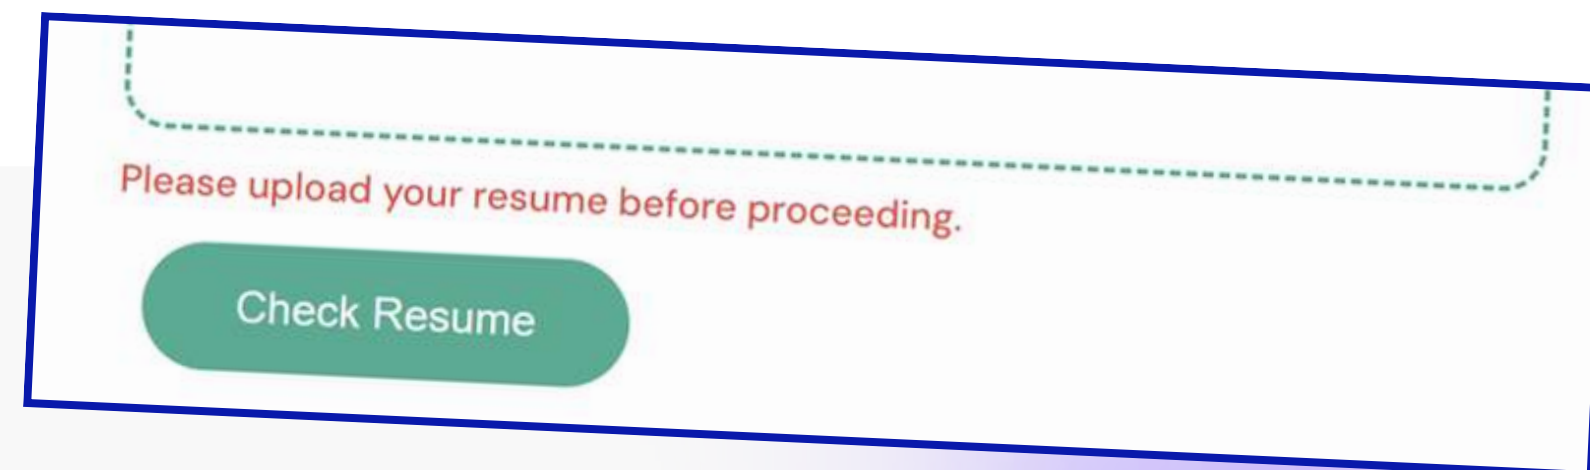

- Displays “Analysing resume, please wait” during processing
- Provides clear feedback before results are displayed
- Shows an analysing/loading state to indicate system activity

PREVENT ERROR

- System guide user to avoid missing steps or causing errors
- User cant continue to next step if they havent select any options

ENABLE FREQUENT USERS TO USE SHORTCUTS

- Users can click the SkillVora logo anytime to return to the main page quickly.
- The header navigation on the main page lets users jump quickly to any page.

FAQ

Explore Career Paths

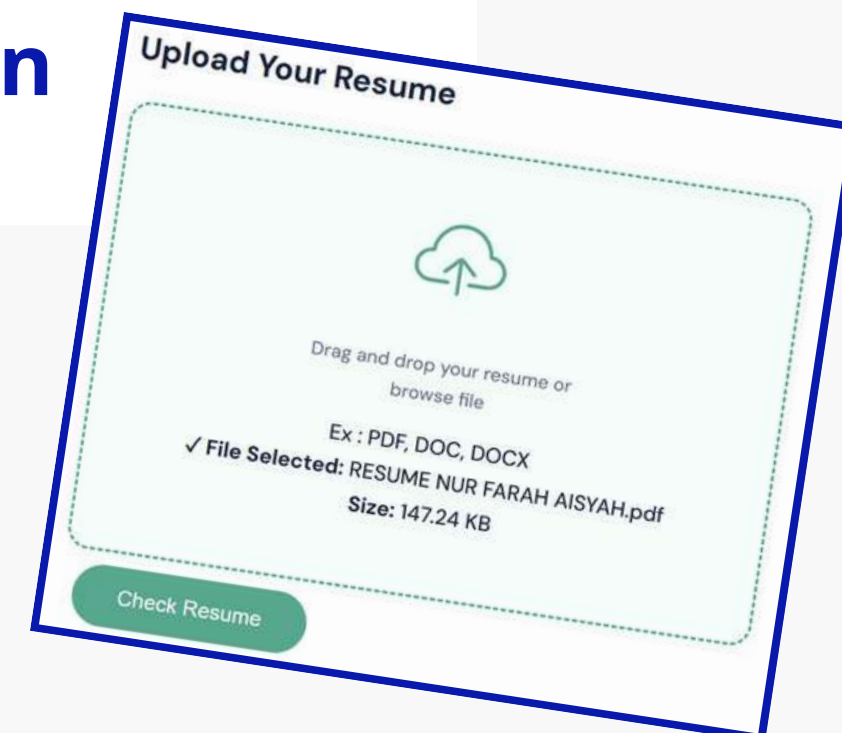

PERMIT EASY REVERSAL OF ACTIONS

- Back and navigation buttons allow users to return to previous pages
- Users can re-upload or replace resumes if an incorrect file is selected
- Actions are not permanent and require user confirmation

Back

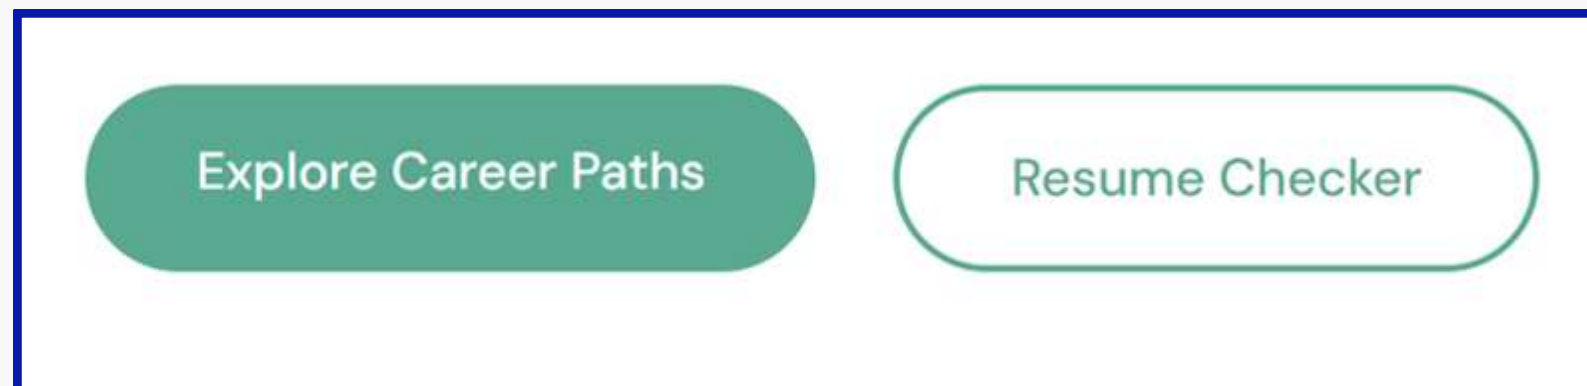

← Explore Again

SUPPORT INTERNAL LOCUS OF CONTROL

- Navigation buttons allow users to move freely between features
- Dark Mode / Light Mode lets users customize the interface
- Users decide when to explore careers or check resumes

REDUCE SHORT-TERM MEMORY LOAD

- Uses a progress indicator (Step 1–3) that updates as users complete each selection.
- Displays previous choices on the next pages
- Displays the selected resume file name and size

Step 2 of 3 – Background

Interest: Design & Creativity > Background: UI / UX Design

Ex : PDF, DOC, DOCX
✓ File Selected: Norhashidah Binti Mohd Sharif resume.pdf
Size: 111.55 KB
